• Aims

RSHE should ensure that children are able to cherish themselves and others as unique and wonderfully made, keep themselves safe and able to form healthy relationships where they respect and afford dignity to others. It will provide pupils with the knowledge that will enable them to navigate and contextualise a world in which many will try to tell them how to behave, what to do and what to think. It will help them to develop the skills to express their own views and make their own informed decisions. This is a responsibility that should normally be shared between parents and school.

Church of England Education Office 2019

The aims of Relationships, Health and Sex Education (RSE) at our school are to:

- › Provide a framework in which sensitive discussions can take place
- › Prepare pupils for puberty, and give them an understanding of sexual development and the importance of health and hygiene
- › Help pupils develop feelings of self-respect, confidence and empathy
- › Create a positive and respectful culture around issues of sexuality
- › Promote respectful attitudes in the treatment of others
- › Teach pupils the correct vocabulary to describe themselves and their bodies

2. Statutory requirements

As a maintained primary school we must provide relationships education to all pupils as per section 34 of the [Children and Social work act 2017](#).

In teaching RSE, we must have regard to [guidance](#) issued by the secretary of state as outlined in section 403 of the [Education Act 1996](#).

All schools and academies are required to act within the requirements of the law, including the Equality Act of 2010. The Church of England welcomes, supports and expects the teaching of Relationships and Health Education in all Church of England primary schools. It is up to each primary school to decide whether they wish to choose to teach some aspects of Sex Education but we encourage schools (following consultation with parents) to offer age- appropriate provision. In Church of England secondary schools Relationships, Sex and Health Education will be taught. In all schools where Sex Education is taught parents will have the right to withdraw their children from that part of the curriculum 'other than as part of the science curriculum'. 6

At Sheering CE Primary school, we teach RSHE as set out in this policy.

3. Policy development

This policy has been developed in consultation with staff, pupils, parents and governors. The consultation and policy development process involved the following steps:

1. Review – a member of staff or working group pulled together all relevant information including relevant national and local guidance
2. Staff consultation – all school staff were given the opportunity to look at the policy and make recommendations
3. Parent/stakeholder consultation – parents and any interested parties were invited to attend a meeting about the policy
4. Pupil consultation – we investigated what exactly pupils want from their RSHE
5. Ratification – once amendments were made, the policy was shared with governors and ratified

4. Definition

RSHE is about the emotional, social and cultural development of pupils, and involves learning about relationships, sexual health, sexuality, healthy lifestyles, diversity and personal identity.

RSHE involves a combination of sharing information and exploring issues and values.

RSHE is not about the promotion of sexual activity.

5. Curriculum

Our curriculum is set out as per Appendix 1 but we may need to adapt it as and when necessary.

We have developed the curriculum in consultation with parents, pupils, governors and staff, taking into account the age, needs and feelings of pupils. If pupils ask questions outside the scope of this policy, teachers will respond in an appropriate manner so they are fully informed and don't seek answers online.

Primary sex education will focus on:

- Preparing boys and girls for the changes that adolescence brings
- How a baby is conceived and born

For more information about our curriculum, see our curriculum map in Appendix 1.

6. Delivery of RSHE

RSHE is taught within the personal, social, health and economic (PSHE) education curriculum. Biological aspects of RSHE are taught within the science curriculum, and other aspects are included in religious education (RE).

At Sheering school, all teaching in RSHE will take place in a safe learning environment and be underpinned by our school ethos and values. A variety of opportunities will be provided for all pupils to ask questions to further their understanding and to find out more about what affects them personally.

The Goodness and Mercy curriculum focuses on healthy relationships and keeping children safe in the modern world. It also covers a wide range of topics relating to physical and mental health, wellbeing, safeguarding, healthy relationships and how this is all connected to the teachings of the Bible. Learning about the emotional, social and physical aspects of growing up, it will give our children the information, skills and positive values to have safe, fulfilling relationships and will help them take responsibility for their own wellbeing. All of the sessions will be age-appropriate and meet the needs of all pupils in the class.

Relationships education focuses on teaching the fundamental building blocks and characteristics of positive relationships including:

- › Families and people who care for me
- › Caring friendships
- › Respectful relationships
- › Online relationships
- › Being safe

For more information about our RSHE curriculum, see Appendix 1.

These areas of learning are taught within the context of family life taking care to ensure that there is no stigmatisation of children based on their home circumstances (families can include single parent families, LGBT parents, families headed by grandparents, adoptive parents, foster parents/carers amongst other structures) along with reflecting sensitively that some children may have a different structure of support around them (for example: looked after children or young carers).

7. Roles and responsibilities

7.1 The governing board

The governing board will approve the RSHE policy and hold the headteacher to account for its implementation.

7.2 The headteacher

The headteacher is responsible for ensuring that RSHE is taught consistently across the school, and for managing requests to withdraw pupils from non-statutory/non-science components of RSHE (see section 8).

7.3 Staff

Staff are responsible for:

- › Delivering RSHE in a sensitive way
- › Modelling positive attitudes to RSHE
- › Monitoring progress

- › Responding to the needs of individual pupils
- › Responding appropriately to pupils whose parents wish them to be withdrawn from the non-statutory/non-science components of RSHE

Staff do not have the right to opt out of teaching RSHE. Staff who have concerns about teaching RSHE are encouraged to discuss this with the headteacher.

RSHE will be taught by the Year 5/6 teacher at the time.

7.4 Pupils

Pupils are expected to engage fully in RSHE and, when discussing issues related to RSHE, treat others with respect and sensitivity.

8. Parents' right to withdraw

Parents have the right to withdraw their children from the non-statutory/non-science components of sex education within RSHE.

Requests for withdrawal should be put in writing using the form found in Appendix 3 of this policy and addressed to the headteacher.

Alternative work will be given to pupils who are withdrawn from sex education.

9. Training

Staff are trained on the delivery of RSHE as part of their induction and it is included in our continuing professional development calendar.

The headteacher will also invite visitors from outside the school, such as school nurses or sexual health professionals, to provide support and training to staff teaching RSHE.

10. Monitoring arrangements

The delivery of RSHE is monitored by Pamela Gaines through:

- Lesson observations
- Learning works
- Work scrutiny
- Pupil voice

Pupils' development in RSHE is monitored by class teachers as part of our internal assessment systems.

This policy will be reviewed by staff and governors. At every review, the policy will be approved by the governing body.

Equal Opportunities

All pupils (regardless of gender, cultural background, class, disability and ability) will have the opportunity to achieve the highest possible achievements without making impossible demands on them.

All children will be encouraged to value their own and other people's contributions.
