Friday 15th March 2024

Dear Parents,

This morning, we were reminded of many of our Christian values as we wore our Red Noses in support of Red Nose Day. We know how important the money raised by this charity is in working with children locally and abroad and we are proud to support this cause.

This week was National Science Week and Mrs Balloqui started off the week with a special assembly about time. Claire Davidson also treated each class to a special science lesson which the children really enjoyed.

Attendance

Attendance this week was 93% which is below our target.

Numbots Maths Programme

We have had the opportunity to try out this online programme as a free trial for a month. After that time, we will decide which programme (Numbots or Maths Shed or both!) is better for us as a school i.e. all children are able to access the activities at their own level. After a few weeks I will ask you for your feedback and we will make a decision. It has been good to see so many of our children using both or either of the programmes which are supporting their confidence with their maths work in class.

Happy Book

In the Happy Book this week; we thanked Patrick's Dad Miceal for repairing the wood on the climbing wall and we thanked Dr Claire for her science lessons.
