School Menu – Week 2

Dear Parents,

To help us think about the Christian values of thankfulness and perseverance, we started the week by listening to the parable of the seeds. This story helped us to think about our attitude to learning, persevering with a task and about the wonderful fruits and vegetables that grow. We were also very thankful for the home grown pumpkin and squash that Oskar's family gave us for our display in school. Unfortunately, because of coronavirus, we have been unable to deliver harvest food parcels as we normally would, but donating food to the food banks in the supermarkets is a way for us to help out our local communities, should you wish to.

School Lunches

Please look out for the lunch menu for next week as hot dinners will resume with a few minor changes.

Medicines

As we are limiting the amount of visitors and parents in school, we have put the medicines form on our website for you to download if your child should need antibiotics during the school day.
