Dear Parents and Carers,

The children and staff at Sheering school have continued to think about our Christian value of Thankfulness this week; we began the week by learning about St Francis of Assisi who was the patron saint of animals, merchants and ecology. The children learnt that St Francis was from a very privileged background but they were able to understand that although our families may not have private jets or live in a mansion, they were very thankful for all that they have. I was very proud to hear them talking in this way.

Parking

We received a phone call from Epping District Council as a complaint has been made about 'cars idling at the front of the school'. While I have not been made aware of any cars parking along The Street, please can I remind parents not to drop children in the staff car park as staff are arriving all the time from 8 o'clock.

New toilets

The members of our School Council had a very important job to do this week. During half term we are going to have the KS2 toilets refurbished and a sports changing area added. The children were invited to look at the plans and choose the colour schemes for the boys and girls toilets and they were very impressed with how the cubicles, vanity units, benches and lighting will look. As a school, we are really excited about this project as it has taken the school many years to save the money.
